System: STAGE TWO

AAA-Soft
Fully Automatic Whole-House
Water Softener/Conditioner System
with **NON-SOLVENT RESIN**

This System Will Remove the Following Contaminants
From the City Water as it Enters Your Home at the Point of Entry

(#1) *Water Hardness (Calcium & Magnesium—HARDNESS MINERALS)*

HARD WATER, is caused by hardness minerals — Calcium and Magnesium in the water.

Virtually all the water on Oahu is **HARD WATER**.

On Oahu, the water hardness ranges from Slightly Hard to Very Hard.

“When water is only slightly or moderately hard, many people are not as readily aware of it, **but they suffer from its damaging effects nevertheless**. When a switch is made to soft water, they become aware of an improvement in water quality.”

—Better Business Bureau, Consumer Information Series
